Frederick Steinmann  
Dix Hills, NY

(State University of New York at Albany, Albany, New York, Bachelor of Science in Economics, December 2003; Pace University, White Plains, New York, 28 semester credits in business and accounting subjects, 2005-2006.)

Petition for: Acceptance of passing grades on the Uniform Certified Public Accountancy (CPA) Examination.

Statement of Problem: Frederick Steinmann, an applicant for licensure as a CPA, recently passed the four parts of the Uniform CPA Examination. However, he exceeded the 18-month conditioning requirement by 8 months.

Mr. Steinmann received conditional credit for passing the computer-based Business Environment and Concepts (BEC) section of the Examination in November 2007. He subsequently passed the computer-based Regulation (REG) section in January 2008 and the Financial Accounting and Reporting (FAR) section in August 2008. Mr. Steinmann needed to pass the fourth section, Auditing (AUD), by June 30, 2009 to retain credit for the BEC section he passed in November 2007.

Mr. Steinmann's ability to prepare and sit for the final AUD section was impeded by documented personal factors. Based on the supporting documentation and Mr. Steinmann's perseverance on the AUD section, despite significant personal factors, the Executive Secretary of the State Board for Public Accountancy supports his petition to waive the 18-month requirement to pass all four parts of the Uniform CPA Examination.

Hengameh Abtahi  
Rochester, NY

(Mashhad University of Medical Sciences, Mashhad, Iran, Doctor of Dentistry, March 1999)

Petition for: Acceptance of education.

Statement of Problem: Regulations of the Commissioner require an applicant for licensure in dentistry to complete an acceptable pre-professional education program of at least two years in length (including courses in general chemistry, organic chemistry, biology or zoology and physics) and an acceptable professional dental education program of at least four years in length, for a total of six-years of pre-professional and professional education. Dr. Abtahi completed a five and one-half year combined pre-professional and professional dental education program at Mashhad University of Medical Sciences. Dr. Abtahi's lacks one-half year of education which is in the pre-professional area.

Following dental school, Dr. Abtahi completed a preceptorship program in endodontics at Loma Linda University School of Dentistry. Based on a review of Dr. Abtahi's preceptorship program at Loma Linda University School of Dentistry, the State Board for Dentistry recommends that the preceptorship be considered to fulfill the remaining one-half year of required pre-professional education.

Additionally, Dr. Abtahi did not complete the two academic years of study required in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school. Such study is required for applicants completing a program of dental education in an unregistered or unaccredited dental school. She enrolled in the two-year advanced program in general dentistry at the Eastman Dental Center of the University of Rochester and successfully completed the program in June 2010. This program is acknowledged by the State Board for Dentistry as the substantial equivalent of the two-year program required in regulation.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:

Following dental school, Dr. Morales completed a Fellowship in Maxillofacial Prosthetics at the University of Illinois Medical Center at Chicago, Chicago, Illinois. Based on a review of Dr. Morale's fellowship program at the University of Illinois Medical Center, the State Board for Dentistry recommends that the fellowship be considered to fulfill the remaining one year of required pre-professional education.

Additionally, Dr. Morales did not complete the two academic years of study required in an accredited dental school program culminating in certification that the applicant has achieved the level of knowledge and clinical proficiency expected of a graduate of that school. **THREE YEAR LIMITED LICENSE IN DENTISTRY**

Petition for: Three-year limited license to practice Dentistry under Section 6604(6) of the Education Law.

Statement of Problem: The applicants listed below have satisfied the education and examination requirements for licensure as a dentist in New York State. The only requirement for full licensure that cannot be satisfied at this time is United States citizenship or immigration status as an alien lawfully admitted for permanent residence in the United States.

Each applicant has an opportunity to practice dentistry in an area which has been designated a Federal Dental Health Professions Shortage Area and requests a three-year waiver of the citizenship requirement under Section 6604(6) of the Education Law. Each applicant must sign an affidavit stating the exact location of the shortage area where he/she will practice before the three-year limited license will be issued.

Applicable Guidelines: Section 6604(6) of Education Law relates to the requirement of United States citizenship or permanent resident status for licensure as a dentist in New York State and allows the Board of Regents to grant a one-time, three-year waiver of this requirement for an alien dentist to practice in New York State if all other licensure requirements are satisfied and to grant an additional extension not to exceed six years to enable the alien to secure citizenship or permanent resident status, provided such status is being actively pursued.

<u>10-08-59</u>	Erh Kang New York, NY 10036

**ACTION:** The Department shall issue a three-year limited license to each applicant to practice dentistry in New York State in a Federal Dental Health Professions Shortage Area upon approval by the Department of all documentation needed to verify satisfaction of all dentistry licensure requirements other than citizenship and an acceptable Affidavit of Agreement on the applicant's location of employment. The limited license may be renewed upon the lawful submission of an application for an extension of not more than six years, at the discretion of the Department.

Jeffrey Brian Klein  
Southfield, MI 48070

(Ohio College of Podiatric Medicine, Independence, Ohio, Doctor of Podiatric Medicine, 1986)

Petition for: Waiver of New York State requirements pertaining to clinical licensing examinations for licensure.

He has not taken Part III of the National Board of Podiatric Medical Examiner examinations, formerly the Podiatric Medical Licensure Examination for States (PMLexis), the clinical skills examination of the National Board of Podiatric Medical Examiners (NBPME) offered since 1991.

Dr. Klein was licensed by four states in 1986 and 1987. At the time Dr. Klein was last licensed, there was no requirement in Michigan for applicants to pass a practical examination or successfully complete a similar test. Based on his licensure and good standing in Michigan (and three other states) and over 20 years of experience, the Executive Secretary of the State Board for Podiatry supports his request to waive the NBPME Part III licensing examination.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
Section 7004 of Education Law and Part 65 of the Commissioner's Regulations require:	
(1) Completion of a registered or equivalent podiatric medicine program with a Doctorate of Podiatric Medicine or equivalent degree.	(1) Doctor of Podiatric Medicine, Ohio College of Podiatric Medicine, Independence, Ohio, May 1986.

Millwood, VA 22646

(Texas A & M University College of Veterinary Medicine, College Station, TX, D.V.M., 1971)

Petition for: Waiver of New York State requirements pertaining to acceptability of licensing examinations for licensure by endorsement.

Statement of Problem: Dr. Hart graduated from an accredited college of veterinary medicine in 1971 and took the National Board (NBE) examination in that year. Dr. Hart has not taken the Clinical Competency Test (CCT), which was offered only from 1984 to 2000. For New York State licensure, applicants who passed the NBE must also take the CCT. Dr. Hart was licensed in Florida and Texas in 1971 based on the NBE. He is currently licensed in Florida, Virginia, West Virginia, Maryland, and Pennsylvania. He has documented over 25 years of practice.

In view of Dr. Hart's documentation of more than 25 years of practice as evidence of clinical competence, the Executive Secretary of the State Board for Veterinary Medicine recommends that the CCT examination requirement be waived and that the applicant's license be accepted for endorsement in New York State.

APPLICABLE REQUIREMENTS:	QUALIFICATIONS:
